OBJECTIVE

Passionate about full stack development, with a focus on building dynamic, responsive web applications using React.js for the frontend and Node.js with Express.js for the backend. Passionate about data-driven decision-making, problem-solving, and enhancing system efficiency.

EDUCATION

Rajalakshmi Institute of Technology, Chennai

B.E , Computer Science and Engineering

Nov 2023 - Present

CGPA : 8.3/10

Sri Ramakrishna Matric Higher Secondary School, Perambalur

Higher Secondary

June 2022 – July 2023

93.83%

INTERNSHIP

Web Developer Intern, ALMIDM Agency.

Dec 2025 – Feb 2025

Contributing to the development of modern web applications by creating responsive interfaces, optimizing application performance, and implementing clean code practices to improve user engagement and overall platform efficiency.

MERN-Stack Developer Intern, Codec Technologies.

Oct 2025 – Nov 2025

Built and maintained full-stack features using the MERN stack, including RESTful APIs, dynamic UI components, and database integrations. Improved application usability through structured design, and front-to-backend communication.

PROJECTS

Boutique Website (React)

A Boutique Stitching Website built with React is a modern platform where customers can explore stitching services such as custom dress designing, alterations, and tailoring.

E-learning Website (MERN)

Designed a clean and intuitive e-learning Web for Froxie Learning in MERN, including home, subject catalog, course pages, and dashboards with structured learning paths and enhanced usability.

Online Gym Website (MERN)

A modern gym website designed to showcase fitness programs, trainers, and membership plans with a clean, energetic layout. It helps users explore workouts, track progress, and easily connect with the gym online.
